MISSION ACCOMPLISHED BY EC YOUTH GROUP!

EC Youth had a Lock In at Clair January 24 and painted their new youth room!

CLAIR CONNECTION

We are pleased to announce the commencement of Phase Two of our remodeling project. It will focus on the renovation of the kitchen and fellowship hall. Upon the completion of this renovation, we will host an open house to invite our neighbors and friends to return to the church and experience the improvements and enhancements. During the remodeling phase, please be advised that fellowship dinners and any other activities using the fellowship hall or kitchen will be temporarily unavailable.

Additionally, we have started a new members class which meets at Clair every Sunday at noon. Concurrently, confirmation classes will be on Mondays at 6 PM at Ebenezer UMC for students in grades six through twelve. Regardless of the church attended on Sundays, participants are welcome to engage in classes at either church.

A recent overnight lock-in for our youth group proved to be a success with ten participants who collaborated to paint their dedicated space. This experience has further fostered their spiritual growth and commitment to community service. The youth are spearheading a Missions Sunday on March 30th, inviting the entire congregation to engage in various mission-related activities within our church, local schools, and the broader community. Planned activities include blanket tying, crafting cards for homebound residents, refurbishing basketball courts, and participating in a project at our local elementary school. This event represents an invaluable opportunity for all members to contribute to community.

As we approach Ash Wednesday on March 5th, which marks the beginning of the Lenten season, we encourage the congregation to propose suggestions for Lenten studies in which they would like to participate. Lent serves as a significant period within our church guiding us toward Holy Week and Easter Sunday, with an emphasis on reflection, repentance, and forgiveness.

Together, we remain committed to embodying the hands and feet of Christ in 2025.

Blessings,

Rev. Crystal Karr
